

BWCA ANALYTICS

PUBLIC DEFENDER PERSPECTIVE

BWCANALYTICS.COM

DO YOU WATCH BODYCAM VIDEO?

TYPICAL BODYCAM REVIEW PROCESS

- Review body worn camera (BWC) or security footage one video after another
- Take notes on paper, jumping back and forth between videos
- Review can take hours

BWC ANALYTICS PROCESS

- Synchronize all videos in a simple process
- View videos simultaneously
- Arrange on screen as desired
- Watch any/all at one time
- Take notes while watching

BWC ANALYTICS BENEFITS

- Our patent pending software saves 30-50% of review time
- Provides better perspective
- Assist in case preparation
- Accomplish essentially twice the work in same time
- Ascertain facts of each case more quickly and efficiently
- Prepare different “views” of each case for different purposes (such as presentation at trial)
- Generate mp4 files for distribution

BWC ANALYTICS FEATURES

BWCANALYTICS.COM

- Intuitive and easy to use for the least “tech savvy”.
- Master timeline shows relative position and duration of each video
- Take notes that are bookmarked to specific video
- Arrange videos on screen as desired
- Notes “fly in” on video before event occurs
- Playback control for all synchronized videos
- Playback any/all videos simultaneously
- Prepare separate “views” of each case
- Generate mp4 files for distribution or presentation
- Secure server (military grade security); only you have access to your files
- UTC and Local date/time

BOTTOM LINE

- Save money
- Save 30-50% of usual time in video review
- Simultaneously view all camera perspectives
- More efficient and accurate perspective of video review
